NAN YANG TEXTILE × STRAUSS

"You already promise stretch, breathability and heat performance — we make the fabric that delivers it."

DRY-TECH

Moisture · quick-dry · cooling

BEST FIT

Shirts · tees · hi-vis · t:aktik tops

Strauss markets "breathable" but offers few true wicking tops. Fill the heat-performance gap.

ELITECH

Easy-care · wrinkle-free · everyday

BEST FIT

Polos · work shirts · uniform / B2B

No marketed easy-care polo platform — opens the business-customer channel.

ELITECH 360

360° stretch · UV · light · quick-dry

BEST FIT

motion 2020 · motion ten · t:aktik · leggings

Flagship moves via elastic panels, not stretch fabric. True 360° stretch upgrades the core.
